SUMMARY

Motivated Computer Science Engineering student with a strong foundation in full-stack development. Proficient in Java, JavaScript, HTML, CSS, and database management systems, with hands-on experience in API integration and responsive web design. Certified in Java development and experienced as a Full Stack Developer intern. Seeking to leverage technical expertise and problem-solving abilities to contribute effectively to real-time projects.

WORK EXPERIENCE

Full Stack Developer intern

Elite Tech (Remote Internship)

Projects:

Weather Data Web Application

Technologies: HTML, CSS, JavaScript, Weather API

- *Built a dynamic web application that fetches and displays real-time weather data from a public Weather API.*
- *Designed a responsive UI using CSS to ensure optimal performance across desktop and mobile devices.*
- *Implemented asynchronous API calls and DOM manipulation with JavaScript to deliver live updates.*
- *Developed an interactive and user-friendly interface with modern styling and smooth navigation.*

EDUCATION

Bachelor of Engineering (B.E.) – Computer Science and Engineering

GRT Institute of Engineering and Technology

- Currently pursuing (5th Semester), CGPA: 8.75 / 10
- Expected Graduation: 2027

SKILLS

- **Programming Languages:** Java, Python, JavaScript, HTML, CSS
- **Frameworks & Tools:** Node.js
- **Databases:** RDBMS, MySQL
- **Core Skills:** API Integration, Responsive Web Design, Problem-Solving, editing

CERTIFICATES

- Java Programming Certification – Infosys Springboard (May 2025)
Completed a comprehensive Java programming course with hands-on projects.
- Problem-Solving (Basic) Certificate – Hacker Rank
Demonstrated problem-solving skills through coding challenges.
